

DALRIADA SCHOOL

POLICY DOCUMENT

Policy for the Administration of Medication in School

The Board of Governors and staff of Dalriada School wish to ensure that pupils with medication needs receive appropriate care and support at school. The Headmaster will accept responsibility in principle for members of the school staff giving or supervising pupils taking prescribed medication during the school day **where those members of staff have volunteered to do so.**

- 1 Parents are responsible for providing the Deputy Head (Pastoral Care) with comprehensive information regarding the pupil's condition and medication.
- 2 Prescribed medication will not be accepted in school without complete written and signed instructions from the parent.
- 3 Staff will not give a non prescribed medicine to a child unless there is specific prior written permission from the parents.
- 4 Only reasonable quantities of medication should be supplied to the school (for example, a maximum of four weeks supply at any one time if prescribed ongoing medicine; a week's supply otherwise).
- 5 Where the pupil travels on school transport with an escort, parents should ensure the escort has written instructions relating to any medication sent with the pupil, including medication for administration during respite care.
- 6 Each item of medication must be delivered to the Deputy Head (Pastoral Care) in person or via the School Office, or by the parent, **in a secure and labelled container as originally dispensed.** Each item of medication must be clearly labelled with the following information:
 - Pupil's Name.
 - Name of medication.
 - Dosage.
 - Frequency of administration.
 - Date of dispensing.
 - Storage requirements (if important).
 - Expiry Date.

- 7 **The school will not accept items of medication in unlabelled containers.**
- 8 Medication will be kept in a secure place, out of the reach of pupils.
- 9 The school will keep records, which they will have available for parents on request.
- 10 If children refuse to take medicines, staff will not force them to do so, and will inform the parents of the refusal, on the same day. If a refusal to take medicines results in an emergency, the school's emergency procedures will be followed.
- 11 It is the responsibility of parents to notify the school **in writing** if the pupil's need for medication has ceased.
- 12 It is the parents' responsibility to renew the medication when supplies are running low and to ensure that the medication supplied is within its expiry date.
- 13 The school will not make changes to dosages on parental instructions.
- 14 School staff will not dispose of medicines. Medicines, which are in use and in date, should be collected by the parent at the end of each term. Date expired medicines or those no longer required for treatment will be returned immediately to the parent for transfer to a community pharmacist for safe disposal.
- 15 For each pupil with long term or complex medication needs, the Deputy Head (Pastoral Care) will ensure that liaison takes place with the appropriate health profession and a suitable care plan drawn up.
- 16 Staff who volunteer to assist in the administration of medication will receive appropriate training/guidance through arrangements made with the School Health Service.
- 17 The school will make every effort to continue the administration of medication to a pupil whilst on trips away from the school premises, even if additional arrangements might be required. However, there may be occasions when it may not be possible to include a pupil on a school trip if appropriate supervision cannot be guaranteed.
- 18 All staff will be made aware of the procedures to be followed in the event of an emergency.

*This policy has been drawn up in accordance with the Department of Education and the Department of Health, Social Services and Public Safety's guidelines: **Supporting Pupils with Medication Needs**. (DENI, 2008, accessed 27/04/18)*

Approved by Board of Governors 25/11/10

Policy reviewed 6/6/22
